

PERFORMANCE

SAFE™

Horner's family of SAFE™ performance pads allow you to fine tune your floor system to your specific use.

Thicknesses: 7/16" and 3/4"

Resiliency levels: black, blue, orange

GREEN/ECO-FRIENDLY

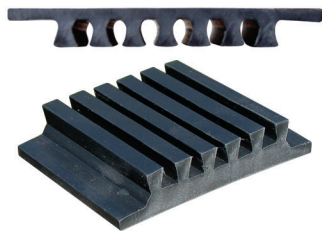

ECO

Horner's patented recycled rubber pad provides excellent shock absorption while reducing a facility's impact on the environment.

Thicknesses: 7/16"

STANDARD

Thrust-A-Cushion™ (TAC)

Horner's standard pads are cost-effective and time tested. Featured on our Thrust-A-Cushion systems, these rubber pads provide excellent shock absorption and vibration control.

Thicknesses: 3/8" and 5/8"

CLOSED-CELL FOAM

Foam

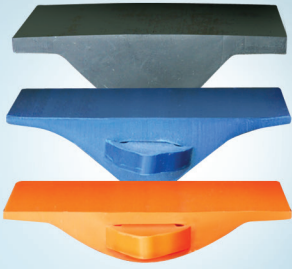

Horner's closed-cell foam can take the place of other pads, or be used to further tune your floor's resiliency. Add cushioning and support or replace pads for more rigid surface.

Thicknesses: 1/4" and 1/2"
